

SAP Practice Overview

About Hitachi Consulting

Hitachi Consulting is a leading global SAP Services Provider that leverages industry Best Practices to help deliver rapid and sustainable value to clients. Hitachi Consulting draws from its industry experience, comprehensive SAP skills, and ability to deliver repeatable success to help clients achieve unparalleled results.

Hitachi Consulting is a certified Global SAP Services Partner committed to delivering SAP business solutions and services on a worldwide basis. As a division of Hitachi, Ltd., Hitachi Consulting is part of one of the largest SAP users and resellers in the world, and maintains one of the largest SAP consulting groups on a global basis.

SAP Experience

As a 2010 Top 10 SAP Services Partner, our SAP team understands the wide-ranging complexities associated with your business, but just as important, we know how that translates in the SAP technology world. With more than 300 SAP consultants in the United States, the Hitachi Ltd. family has over 2,000 SAP consultants globally who deliver SAP-related professional services.

Repeatable & Rapid Success

From design through post-go-live support, we incorporate special organizational change management practices and preconfigured SAP solutions throughout the project to help ensure your success. Hitachi Consulting specializes in the definition and deployment of SAP Best Practice solutions for just about every critical business process. By leveraging these pre-configured building blocks, we are able to **accelerate your time-to-value by as much as 30-50 percent.**

Industry Experience

With Hitachi, Ltd. as a major player across a number of industry segments, Hitachi Consulting is able to leverage this breadth of market presence to establish itself as a service provider that understands the dynamics of your industry and what it takes to be successful. We leverage defined industry Best Practice methodologies to help our clients attain and sustain unparalleled results in the following industries:

- Aerospace & Defense
- Automotive
- Chemicals
- Consumer Products
- Industrial Machinery & Components
- Legal Services
- Oilfield Services
- Primary & Fabricated Metals
- Textiles
- Wholesale Distribution

SAP Practice Overview

Hitachi Consulting Capabilities

As a strategic SAP global solutions provider, our ability to deploy SAP around the world separates us from the rest. Hitachi Consulting's balanced view of strategy, people, process, and technology enables us to provide the highest-value implementation services and enhanced solution delivery in today's market. Whether you're looking to implement, upgrade, integrate, or customize, Hitachi Consulting has the right team for your SAP initiative.

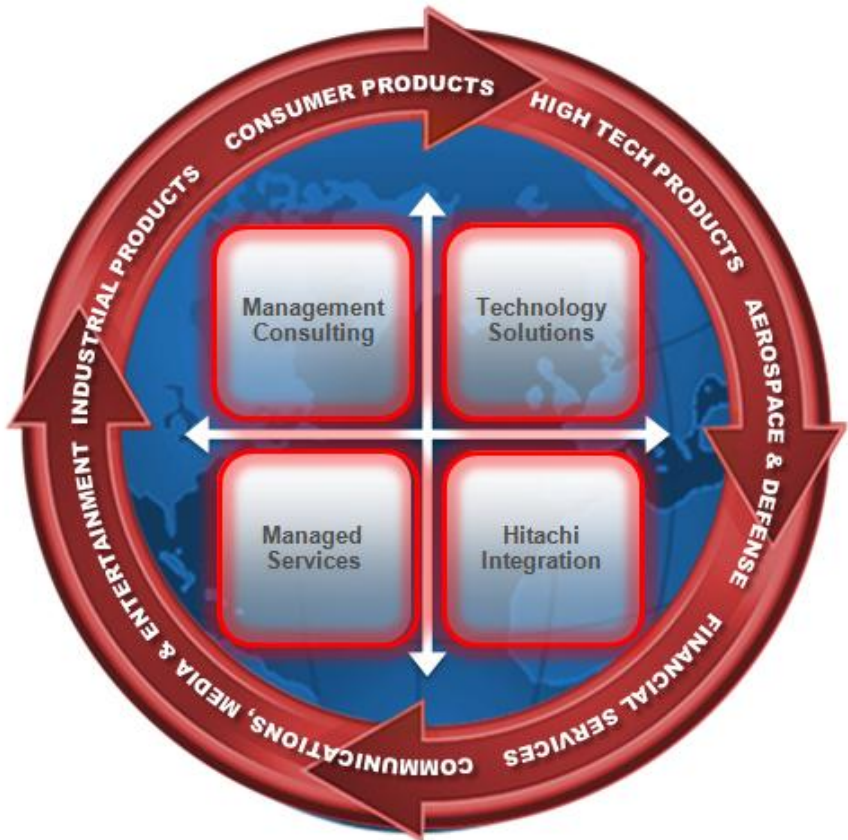

About Hitachi Consulting

As Hitachi, Ltd.'s (NYSE: HIT) global consulting company, Hitachi Consulting is a recognized leader in delivering proven business and IT solutions to Global 2000 companies. With a balanced view of strategy, people, process and technology, we work with companies to understand their unique business needs, and to develop and implement practical business strategies and technology solutions.

Hitachi Consulting's client base includes nearly 25 percent of the Global 100 and many leading mid-market companies. From business strategy development through application deployment, we help clients quickly realize measurable business value and achieve sustainable ROI.
